Feedback :

**Many submissions from tech companies
only related to Security → Management issue?**

Feedback :

**And of course, as always, no sponsored talk:
speakers from our sponsors have to qualified
themselves through the CFP process.**

Tooling

- HotCRP for Call for Papers
→ Very nice for review. Not so much for publishing. Publish a script to help on Github.

Feedback helps us!

Please answer to our event feedback form in a transparent way with us (but try to be fair ;))
→ 2019: waiting list / better handling for no show

We use (for ex.) the 2018 form output to :

- **add food trucks,**
- **put schedule on the desk wall,**
- **set up better WiFi**
